Depending on what level user picks, the dimensions of game board will be different

B. GameBoardPanel

Displays the fish the PacFish should try to eat

PacFish Game: Level EASY

PACFISH

Your Target Fish:

Avoid all other fish!

0/5

Welcome to PacFish!

Using your arrow keys, navigate around the tank to try to eat your target fish (pictured above) while avoiding all other fish and fish hooks. As you level up, sharks will also appear. Watch out for them as well! You can use the space bar to pause the game if you need to.

After eating five of the target fish, you will level up and be able to eat the next type. Keep in mind your goal is to be the last fish standing! Goodluck!

Start Over   Quit

This is the Game Board Easy Level. This is what appears when you begin. Fish Hooks are already placed.

Keep count of how many fish PacFish has eaten at current level

Instructions and Status Label.

These are the instructions:
Welcome to PacFish!
Using your arrow keys, navigate around the tank to try to eat your target fish (pictured above) while avoiding all other fish and fish hooks. As you level up, sharks will also appear. Watch out for them as well! You can use the space bar to pause the game if you need to.
After eating five of the target fish, you will level up and be able to eat the next type. Keep in mind your goal is to be the last fish standing! Goodluck!

PacFish Game: Level MEDIUM

PACFISH

Game Over. You Lose.

Start Over   Quit

This is the Game Board. Medium Level. This is after you have leveled up to level two. This is when the sharks appear.

Status appears here if you win or lose.

PacFish Game: Level HARD

PACFISH

Your Target Fish:

Avoid all other fish!

2/5

Welcome to PacFish!

Using your arrow keys, navigate around the tank to try to eat your target fish (pictured above) while avoiding all other fish and fish hooks. As you level up, sharks will also appear. Watch out for them as well! You can use the space bar to pause the game if you need to.

After eating five of the target fish, you will level up and be able to eat the next type. Keep in mind your goal is to be the last fish standing! Goodluck!

Start Over   Quit

This is the Game Board. Hard Level. This is after you have eaten two fish on the first level.
